Changemaker Award

Among other awards, we won the Changemaker award at the Presidents' awards dinner last week.

The Changemaker Award recognises Rotary clubs that make an extraordinary impact during 2011-12 through their work in the Avenues of Service. Clubs are invited to undertake a challenging array of activities in each avenue, with the goal of making positive and significant change in their

LinkedIn phishing attack

Please alert all members about a phishing attack. Apparently, the popular LinkedIn social network group was hit by 6.5 million password breach. We have received quite a number of attacks already in the last 2 day. Just do not click on ANY link comes from "LinkedIn". Else, you will be infected with virus.

Successful Trivia Night

On Saturday 16 June approximately 100 attended the Trivia night at the Warrawee Bowling Club organised by Ross and Helen Egan.

It was a fun night with a variety of questions showing a significant amount of preparation.

The auction prizes were donated by Graham Timms and Ross and Helen Egan. Dilys was the Auctioneer and with persistence she raised \$660. Graham Timms explained what to me sound like perpetual motion—if you purchase the 10 litre keg of award winning Port, you simply add a very cheap bottle of Port to the keg and the quality is enhanced to the original award winning Port!

The door take was \$2,040.

Ross and Helen raised an additional \$327 with a variety of measures.

The gross take for the evening was \$3,042.00

Michael Tyler added to the number of the evening with a very large contingent from his Rowing Club.

Norm Roach Web Site Shield

Our Club came second in the Norm Roach Web Site Memorial Shield presentation

Ryde – for the second year - has the most comprehensively designed website that should appeal to members and the public alike.

Ku-ring-gai's site presents cleanly and attractively to the viewer.

Both the above sites are developed independently although Ku-ring-gai utilises a Joomla template.

Some tips for Rotary Clubs

- Are contact details clearly visible to the viewer or do they have to go looking for it?
- Is the content up-to-date?
- Are your club bulletins available – not the old archive, but current issues?
- Make sure the content is addressed to both existing and potential members as well as the general public

Shots in Trivandrum in the state of Kerala of the Catholic Cathedral, the Mosque across the road and some flower seller

Currently I've been in Trivandrum on the south coast of India for a week and tomorrow will I look forward? to an eight hour 450 kms (= 56 kms an hour sounds trundling) journey to Coimbatore where I'll be able to settle in for at least a month, all for the good cause of examining for Trinity College London.

I always look forward to visiting India. Well you have to marvel at the friendliness of the people, admire the history and all those incredible buildings and I'm always well looked after. Mind you there's also the huge risk factor in travelling along crowded roads particularly in urban area whether you're walking or travelling in autos/tuk tuk which are described as enclosed three seater garden mowers.

I've resisted succumbing to stomach problems but you're on a hiding to nothing having to eat without exception very spicy food which I normally enjoy enormously. However help is at hand and to which I haven't resorted yet - I understand that there's a KFC in Trivandrum! But I never travel without immodium whatever food I'm likely to experience.

I hadn't realised that I'd be able to see lots of the Eurocup games which are on at 8.30 and 11.30pm. I've even been able to see some the Diamond Jubilee celebrations in London all courtesy of BBC World.

Good wishes and keep well

Rotary Wheel Covers

To Club Presidents & PR Directors (current & elect)

Dear Caroline

Rotary District 9680 has been successful in its PR Grant application for a unique mobile billboard idea, and your members can help.

We have vinyl wheelcovers for Four-Wheel Drive vehicles that have spare wheels on the backs of the car.

We have more than 400 of them, and they are free to whoever wants them.

We have them in four sizes for what my motoring journalist mate tells me are the four most popular makes of 4WD with rear spare wheel mountings.

RAV 4: 265 x 65 x 17mm

Landcruiser: 285 x 65 x 17mm

Prado: 245 x 70 x 17mm

Nissan Patrol: 275 x 65 x 17mm

If anyone in your club has one of these types of vehicles and would like to promote Rotary for the next few years (they have quite a lifespan, I'm told), please let me know and I will arrange either delivery or a convenient collection point.

They do not have to be "worn" by Rotarian cars, of course. If you have a friend or acquaintance would be willing to sport Rotary's colours, we're happy for them to have them too.

A rough description of the motif on the wheelcovers is:

The Covers are black with the proper Rotary Yellow for all text and graphic.

This photo is of a vehicle I found in the nearest carpark. The size I used was not specific to the vehicle, so please don't judge by the loose fitting, but rather use the pic as a guide to what it might look like.

If we can get four or five to each club (more if they are wanted), we can turn this into an effective daily recruitment drive.

They won't suit everyone, but those who take them will be doing Rotary a service.

Please contact me directly on 0408 182 436 if you have specific questions.

Regards

Mark Wallace
