UNDERSTANDINGS AND AGREEMENTS

Subscribed to by this

Provisional Rotary Club in the presentation of this application to R.I.

1. As our constitution, we have adopted the standard club constitution prescribed by Rotary International. This club understands that the club constitution can be amended only by convention of Rotary International, or (under certain circumstances for exceptional reasons) by the board of directors of Rotary International, in accordance with Section 3, Article I, of the by-laws of R.I. No amendment to the by-laws adopted by this club which might conflict with the constitution of the club or with the constitution and by-laws of Rotary International will be made without first submitting such proposed amendment to the secretary of Rotary International for approval by its board of directors.
2. This club will be bound by any and all amendments to the standard club constitution which may be adopted hereafter (as provided in Article I, Section 3, of the by-laws of Rotary International, and in Article XIII of the constitution of this club).
3. This club will remit payment for its members' subscriptions to THE ROTARIAN as provided for in the club by-laws upon receipt of invoice covering such subscriptions. (An obligation of membership in the United States and Canada; elsewhere only when Article X is retained in club constitution.)
4. NO FURTHER MEMBERS will be elected between the filing of this application and the receipt of the official notice of the admission of the club to membership in Rotary International. Thereafter this club will faithfully endeavor to add to its membership at least one and not more than three new members each month during the first year of its existence.
5. This club, as a club, will not become a member of, or assume obligations of membership in any organization other than Rotary International.
6. This club is hereby pledged, in its desire to develop true Rotarians and a Rotary club that will function properly as a unit in Rotary International, to maintain the following fundamental characteristics of Rotary:
 - a. The classification principle of membership.
 - b. Attendance, at least in the required minimum, for continuance of membership.
 - c. Fellowship, in the establishment of intimate and lasting friendships.
 - d. The use of the club meeting in the making of broader and better business men—in training men to become more capable of rendering service in their vocations and in the community in which they live.
 - e. The requirement that members strive for the betterment of their craft, particularly stressing higher business standards and practices.
 - f. An obligation to do effective but non-duplicative service in their community, state or province, and country.
 - g. Service to mankind.
 - h. The advancement of international understanding, good will and peace.

Brief History of Organization:

The Rotary Club of Chatswood has had this area under survey for a number of years during which considerable commercial and trading development has occurred in the area. A tour of the district and a close examination of lists of classifications make it quite clear that a club can be formed and sustained in this area, despite the absence of any appreciable industrialisation. I have, therefore, authorised the formation of this club.

I recommend the admission of this club as a member of Rotary International.

Respectfully submitted,

Surveyor's Viewpoint

(Please comment fully on your personal observations of this community.)

The region of the Municipality of Ku-Ring-Gai under survey comprises approximately 3/5 of total area the remaining portion having four centres of like activity. I consider that the existent features carry a great potential to Rotary extension that was hitherto not realised. A survey was conducted in 1953 by myself but was at that time considered inopportune. With the growth of the community in the meantime, however, together with the tendency towards decentralisation from the City of Sydney of the larger type of business house it is the considered opinion of many that now is the time for positive response to the query "WHY HAVE WE NOT GOT A ROTARY CLUB IN KU-RING-GAI?"

District Governor's Decision

This community $\left\{ \begin{array}{l} \text{does*} \\ \text{does not} \end{array} \right\}$ appear capable of supporting a successful Rotary Club.

Organization work should be undertaken (when) at once

The Rotary Club of Chatswood will be the sponsor club.

Rotarian George Nicol of Chatswood Club will act as my special representative.

Address: 322 Pacific Highway Lindfield.

I $\left\{ \begin{array}{l} \text{have} \\ \text{have not} \end{array} \right\}$ visited this town personally.

District Governor's Comments:

Though the area lacks heavy industry there is adequate spread of classification and I do not doubt that a good club will eventuate.

A formation meeting is proposed very shortly and the sponsor club has already approved the ceding of territory.

Signed H. Lloyd Owen

Governor 275 District

Date Dec 10, 1958.

*A favorable endorsement by the district governor will be taken to mean that he is ready to assume the responsibility for the organization of a club that will be an ENDURING asset to the town and to R. I.

DISTRICT GOVERNOR'S MESSAGE

"The prime object of Rotary," wrote a prominent English Rotarian, is the inspirational education of its members. To achieve this is to lift the standard of business, professional and community life in the Club's area."

This is the high purpose of Rotary and to this end in the new Rotary Club of Ku-ring-gai dedicated.

Fine fellowship will provide a pleasant background to the work, and the team spirit will make each community effort a happy experience. The real influence of the Club, however, will be in the steady, devoted service of its individual members, each in his own classification—his own special field of influence and endeavour.

"May the Club prosper and its influence grow from year to year."
HUGH B. LLOYD-OWEN.

THE EMBLEM OF ROTARY

The Rotary Emblem, firstly conceived and adopted in 1905, was the representation of a wagon wheel. As other clubs were organised this was modified to some extent, and in some cases a geared or cogged Wheel was used. In 1912 an Emblem embodying a geared Wheel was adopted, it comprises of six spokes, 24 cogs and keyway; colours are Royal Blue and Gold, with the words "Rotary International" inscribed.

HOW TO BE A ROTARIAN

"Rotary" does not make a Rotarian. The member, in the first place, must believe in the principles of Rotary, not after he has been approved for membership, but long before he has been accorded the privilege of becoming a member.

"Wrong or custom righted; Lamps of Progress Lighted; for this ye strive, with souls alive, all hearts and hands united, perish ways of selfish dealing—ways the worst in man revealing; On! To spread fraternal feeling, 'Rotary' lead the way."

THE FRIENDLINESS IN ROTARY.

One of the nicest things about being a Rotarian is the friendly reception you get from your fellow club members each week.

One of the worst things that can happen to a Rotarian is to go to another Club to make up a meeting, and not get that friendly greeting. Each Rotarian should be an Ambassador of friendship to visiting Rotarians and guests. It makes a visitor feel welcome to get that big Rotary smile and handshake as soon as he enters the door.

Even though we are glad to see our fellow members each week, and we have a lot to talk about, let's not ignore our guests.

ROTARY YACHTING FLEET FOR AUSTRALIA

An Australian Fleet of the International Yachting Fellowship of Rotarians was introduced last Rotary year. Those members with small craft, yachts, motor cruisers, etc., should you be interested, contact — Leo. Keating, Convener, Sports Committee, Rotary Club of South Sydney Box 39, P.O., Broadway.

It is with very sincere regret that we have to record the passing of Ted Armstrong, on 5th February, 1959. A member of Chatswood Club, Ted was a good Rotarian and endeared himself to all. He will be greatly missed by the Movement and his associates.

* Message Sticks (Koonnga) were carried by Australian Aborigine messengers sent by one tribe or clan to another, as a guarantee of the integrity of the messenger and the message which was delivered verbally. Different designs were peculiar to tribes, localities and types of messages. The markings or symbols could only be understood between the sender and the receiver. The name Ku-ring-gai came from the tribe of the Ku-ring-gai who inhabited the coastal district—it was the aboriginal word for "the men" applied by that tribe to themselves.

 "SERVICE ABOVE SELF"
 —He profits most who serves best.

ATTENDANCE

Rotary stresses attendance as a means of acquaintance and an avenue for friendship and fellowship.

Attendance for the sake of a percentage record is not a true measure of Rotary interest.

You are a member of the Rotary Club because of your classification.

You hold that classification only as long as you maintain an interest in the Club by attending 60% or more of the regular meetings. You are allowed to miss 40% of the meetings in any half year, but, if you take these absences merely because you are allowed to, our Rotary programme must be too weak.

Your business succeeds or fails because of many factors, and one of these factors is your interest in your business. The failure or success of Rotary is very much the same.

QUOTABLE QUOTE

What richer, grander, nobler heritage can Rotarians of today bequeath to the generations of tomorrow than our ever current desire for unselfish service, which, we are confident, is the infallible way to the goal of the ages—"The Brotherhood of Man."

ACKNOWLEDGMENT TO OLLIE OBERG

"Are you trying to make a million?
Is a fortune your only aim,
Do you search like a ghost,
From pillar to post,
For that will 'o the wisp called fame?
Calm down and relax for a moment.
I hear that the fishing is fine
And God's buttercups spill all over the hill
With gold that is yours and mine.
Let somebody else make that million,
Fool's gold, that one never spends—
How much richer to have a bounty of love
In the hearts of a million friends."

IT LIFTS MEN'S LIVES

No organisation has a right to exist solely for its own sake.

No organisation has a right to take men's time except that it lifts men's lives.

Rotary has lived for more than half a century because it has deserved to live, not for its own selfish sake, but because it lifts men's lives, and because it broadens the base of understanding world wide.

SPLITTING THE ATOM

Arthur Kench has a new wedged shaped tablet available if required. He assures us they are indispensable for splitting headaches.

CHARTER NIGHT SONG:

"CLICK GO THE SHEARS"

Out on the baord the old shearer stands
Grasping his shears in his old bony hands,
Fixed his gaze on a blue bellied Joe,
Glory if he gets her, won't he make the ringer go.

CHORUS.

Click go the shears, boys, click, click, click!
Wide is his blow and his bands move quick.
The ringer looks around and is beaten by a blow
And curses the old snagger with the blue bellied Joe.

The tar boy is there and awaiting in demand,
With his blacken'd tar pot and his tarry hand.
Sees one old sheep with a cut upon his back,
Here's what he is waiting for — "Tar here, Jack!"

(Chorus)

Shearing is all over and we've all got our cheques,
Roll up your swag, we're all off on the tracks.
The first pub we come to it's there we'll have a spree,
And everyone that comes along, it's "Come and drink with me!"

(Chorus)

DISTRICT CONFERENCE

To those who have Rotary at heart a District Conference is a grand opportunity for fellowship, it is educational and inspirational.

We hear the viewpoint of others and have an opportunity to express our own.

It is not too late to register through Secretary Keith (registration 10/-).

Conference week-end occurs with the anniversary of the founding of Rotary, i.e., the 23rd February. Conference, 20th-23rd February, inclusive.

LEADERSHIP

In Rotary we are committed to leadership of perhaps the most difficult sort, because it relates to everyday life. It is relatively easy for many people to be leaders in the great moments, in great affairs, and in these crises which come to all from time to time.

The real test of Rotarian leadership is not in those things merely, but in the everyday visit to the office and workshop and elsewhere where our business takes us.

It is in that setting—where we are so well known, and where we are judged so keenly, and accurately, by those who know us well—that leadership in the right direction really matters, and where it is exercised at some personal cost.

Right leadership is always costly. It involves going against the stream sometimes—and yet, it is leadership which in a wonderful way turns the stream into a direction which is constructive and good.

THE TRUE TEST OF CIVILISATION is, not the census nor the size of cities, nor the crops—no, but the kind of man the country turns out.

SIR WINSTON CHURCHILL'S humour is not the polished variety; it smacks much more of the music hall. In 1939 when he was serving as First Lord of the Admiralty he told with relish how a destroyer had dropped a depth charge, but instead of finding a submarine, bits of an old wreck had come to the surface. "And would you believe it," he added with a grin, "there was a door bobbing around with my initials on it. I wanted to recount this important occurrence in a speech, but Mr. Chamberlain cut it out—he thinks my taste is questionable"—Virginia Cowles, "Winston Churchill".

WOMEN have ways of getting what they want from a man; some wear low necked gowns; some walk like a rolling sea; but the most deadly simply use their brains.

AMENDMENT TO CLUB CONSTITUTION OF THE ROTARY CLUBS OF HORNSBY,
KU-RING-GAI AND PITTWATER, NEW SOUTH WALES, AUSTRALIA

Attached are three copies of the notification of action forms regarding the change in the territorial limits of the Rotary Clubs of Hornsby, Ku-ring-gai and Pittwater to permit the organization of the Provisional Rotary Club of St. Ives.

In writing about the territory of the provisional club, the special representative, a past district governor, stated:

In effect, this is the St. Ives locality ... It is an expanding residential area of good quality. There are still semi-rural areas yet to be developed. The population of the area described would be about 20,000, with a potential to double this figure.

500 recommends that the board approve the amendment to the constitution of each of these clubs.

May we please have the decision of the board.

Please return two copies of each of the forms to 500.

HORNSBY, KU-RING-GAI AND PENNANT HILLS, NEW SOUTH WALES, AUSTRALIA

Attached are three copies of the notification of action forms regarding the changes in the territorial limits of the above three clubs to permit the organization of a new club in the Turrumurra area.

The special representative writes about the area in which the new club is being organized:

Quite apart from residential classifications this area should fully support a Club. 229 businesses were listed covering 74 separate classifications. Of these 45 are considered suitable for immediate approach. There are 14 alternatives also suitable for immediate approach. A total of 12 existing Rotarians in Hornsby Club would be eligible to transfer. The names of 4 potential residential members are listed in the survey, 2 of these being ex Rotarians.

500 recommends that the board approve the amendments to the constitutions of these three clubs.

May we please have the decision of the board.

HISTORICAL

In most of the cities and towns of the world the nearby hill districts prove the most attractive areas as places in which to live, and this is the situation of Ku-ring-gai to the rest of Sydney.

One of the largest municipalities in the Sydney District, it lies between Roseville, Wahroonga and Bobbin Head, and between the Lane Cove River and Middle Harbour, with 60,000 residents.

Looking at the Municipality to-day, with its pleasant homes and tree-lined streets, it takes something of an effort to cast one's mind back 170 years to the day in April, 1788, when Governor Phillip passed through on his exploratory trip overland from Manly Cove, only a short time after the arrival of the First Fleet.

The impression made on members of the party by the virgin and gullies was recorded by Phillip's Surgeon General in his diary. With of their camping place in the vicinity of the Bungaroo swimming hole at St. Ives, he noted that "here in the most desolate, wild and solitary seclusion that the imagination can form any idea of, we took up our abode for the night."

Doubtless there were other explorations, but after Phillip's visit nothing seems to have happened for about 20 years when one William Henry, who came to Australia as a Private in the Royal Marines, took possession of land near Blue Gum Creek, which runs into the Lane Cove River, in 1807.

He lived there on his property "Milwood Farm," until about 1850, but apparently was never successful in establishing a title to the land, although it seems that he was promised an extensive grant by Governor Bligh.

The first recorded land grant for the district was one of 400 acres at Roseville to Daniel Matthew in 1819. Joseph Fiddens, who arrived in Australia as a prisoner and after whom Fiddens Wharf Road, Killara, is known, was also given a grant in 1821.

Robert Pymble, after whom the railway station and district are named, distinguished himself by capturing a bushranger, and for a reward received 600 acres in 1823.

There were other large grants but those mentioned were to the early arrivals.

For the first stage in the development of Ku-ring-gai there came the timber-getters, attracted by the dense growth of big trees on the ridges and in the gullies. One tree at Wahroonga was 33 feet in girth, and stout timbers taken from the heights still exist in many city buildings.

The timber-getters lived a hard life and apparently played hard too, for their reputation was not the best. An issue of the "Sydney Gazette" in February, 1841, carried an editorial to the effect that "the district has long been noted as a resort of disreputable people, and we do not hesitate to say that there should be a military post established there to prevent smuggling and sly grog selling. If an active Police Magistrate were to visit this infamous district frequently, we make no doubt that much would be done towards cleansing it of as great a set of ruffians as the colony holds."

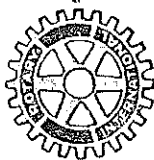

There were frequent fights, both impromptu and organised, and one at Pearce's Corner in 1860 for the Championship of Australia was fought until nightfall, but was not resumed next day because one of the contestants decided he had better things to do.

The lines of timber were taken on draws along the ridges now followed

Approximate Population in Club Territory:

Present: 47,300.

Ultimate: 64,300.

The orchardists carried on for more than half a century and fruit and crops were bountiful, but taking a living from the land became gradually more difficult owing to poor methods of cultivation, destruction by bush fires and the inroads of pests and diseases. Many of the orchards were abandoned.

In making their way into the district the pioneers had to push through the thick scrub and tall trees.

Naturally the high central ridge offered the easiest route and so the location of the main road and the railway was fixed. However, as late as even 1850 there was no cleared road and settlements were few and far between.

Roads which branched out from the main ridge were made with Sydney's first automatic road making equipment—bullock drays. The main road itself had an evil reputation, and those who travelled along it by the horse drawn bus, established in the 1860's, often had to get out and push. It was not until the turn of the century that travellers could move on it with any confidence of reaching their destination.

It was probably the weariness of residents from riding horses which led to a petition being made in 1874 for a railway to be built. The plan was for it to run from what is now Pearce's Corner to the harbour. There seems to have been much Government and private opposition, but finally a railway from Hornsby to the present St. Leonards station was completed in 1889 being extended to Milson's Point in 1893.

The coming of the railway provided the needed spur for the organisation of Ku-ring-gai and large areas of land near railway stations were cut up into home sites. Ku-ring-gai has not looked back since.

During all this time there was no Council to govern the area, and work on the main road and side streets was done by the State Public Works Department. Various Progress Associations were formed in an effort to improve the district and one was so well organised that its members paid voluntary taxes for road maintenance, street tree planting and gas lighting.

The desire to have a Council for the district, coupled with similar demands from other areas in the State, led to a Royal Commission being appointed in 1905 to recommend the formation of many shires.

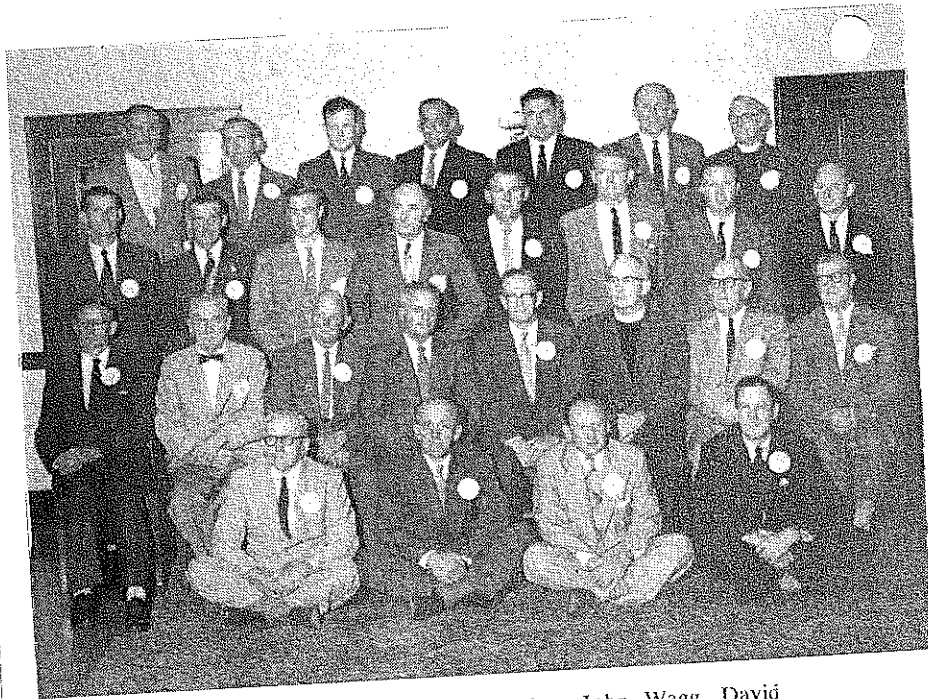

Ku-ring-gai was proclaimed a Shire in 1906, but only after a fierce controversy had been settled as to whether the Parish of Gordon was to be divided into two Shires, the internal boundary being Ryde and Pittwater Roads, or to be one area.

The name "Ku-ring-gai" had been taken from the name given to Ku-ring-gai Chase in 1894 by the Hon. Henry Copeland, then Minister for Lands. The word was taken from the aboriginal work for "The Men", used by aboriginals living in the coastal districts between the Macleay River and Bulli.

By 1928 the district had grown so rapidly that the nine Councillors of the Shire found it difficult to cope with the business brought to them and in that year the Shire became a Municipality with twelve Aldermen. The present Council Chambers was also built.

The Municipality now stands at the middle stage of development and, although it was once estimated that the ultimate population of 100,000 would be reached about the year 2000, present trends indicate that this

ROTARY'S UNIVERSAL PROJECT.

The one project in which all Rotary Clubs around the world are participating, is the Rotary Foundation Fellowship's Programme, which was inaugurated as a Memorial to the Founder of Rotary, Paul P. Harris.

These Fellowships enable outstanding graduate students to live and study for one year in a country other than their own, as ambassadors of goodwill, on grants averaging \$2,500.

Since 1947 1,200 students from 67 countries have enjoyed such privilege at a cost of \$3,000,000. Total grants now approach \$5,600,000. This District has contributed up to June, 1958, \$349,393.

All but the newer Clubs are at least 100 per cent subscribers, whilst 11 stand at 200 per cent, with 3 at 300 per cent.

"Human harvests are not just gathered in the autumn of life—

They are planted, cultivated and reaped each and every day."

Rotary Songs

SONS OF ROTARY

(Tune: "Tramp, Tramp, Tramp")

Sons of Rotary are we,
Linking hands o'er land and sea,
With our brothers in the old world and the new,
Each for service must be fit,
Each must do his little bit,
Every man must be a member of the crew.

CHORUS.

Cheer, boys, cheer, our ranks are growing
In a great fraternity,
That affection each man owes
To his country overflows
To the wider kinship of our Rotary.

Some of us are young and bold,
None will own he's growing old,
Though at times our feet may labour wearily,
But if only you've the knack,
And the "stay bone in the back"
Work will never wear you out in Rotary.

THE END OF A ROTARY DAY

(Tune: "A Perfect Day")

We are nearing the end of a Rotary day,
Which will long remain in our thoughts,
It should send each member or guest away
With the joy that the day has brought.

For Rot'ry means service at work and play,
And friendships that never fade;
So we grasp at the end of a Rotary Day
The hands of the friends we've made.

ROTARY IN AUSTRALIA

In 1953 a Club providing facilities for intermixing the aged folk was instituted and styled as the Senior Citizen's Centre, the original then soon became the prototype from which quite a number of similar establishments have been founded throughout the State.

A large Sydney Hospital found to be lacking the necessary equipment to deal with the scourge of cancer is soon to have this department provided as through Rotary a public appeal was launched, resulting in £40,000 being subscribed in 13 months.

To the members of the
Rotary Club of Ku-Ring-Gai, N.S.W, Australia

Dear Fellow Rotarians:

Congratulations to you on your club's 50th anniversary.

Fifty years ago, your club's charter members felt that Rotary's ideal of service to the community was worthy and credible, and for this reason they laid the foundation for a Rotary club in Ku-Ring-Gai. Today, your club is part of a vast international network of community volunteers and business and professional people. This year, many of you are focused on running projects that reduce the child mortality rate throughout the world. Remember, together there is no limit to what we can accomplish.

We must provide hope and a chance at a future for all children, both in our local communities and in communities far away, because without Rotary, every day children's needs are going unmet. This is why I am asking you to use the knowledge you have acquired in recent years working with water, health and hunger, and literacy to do the most good we can to improve the lives of children around the globe, and inspire other Rotarians to do the same.

As you celebrate this important milestone in your club's history, remember to continue developing projects that make sure children have clean water, improved overall health, and the opportunity to go to school. We must work together, one club with another, to do what is needed

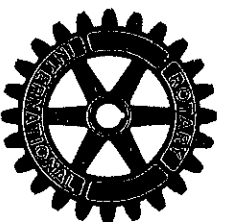

Please join me this year in ***Making Dreams Real*** by beginning to turn safe and happy childhoods into long and healthy lives.

Sincerely,

A handwritten signature in cursive script that reads "D. K. Lee".
